INTRODUCTION:

The Family – a composition of persons related to one another by marriage, blood or adoption, is the foundational institution of society as created and ordained by God. (Genesis 2:20-25, 4:1, Exodus 20:5-6, Joshua 7:10, 15, 24-25, 2Kings 13:23).

As important as it is, the family unit is under assault from an ever increasing array of forces, with children enduring the brunt of the attack. Parents are now facing almost impossible odds against successfully rearing their children!

This attack begins with the attempts to redefine the essence and nature of family from how God intended. As such, the family structure and value system as we used to know them are degenerating toward irrelevancy, if not oblivion. This warrants a rediscovery of God's purpose for family, realigning and restoring it to its functionality through intentional discipleship.

Paul says God has reconciled all things by the blood of Jesus Christ, and those in Him have been given the ministry of reconciliation. (Col. 1:19-22 & 2Cor. 5:18-19). The most critical institution the church is mandated to reconcile back to God and to its original purposes is the family.
